6:50 - 7:10 **KEYNOTE PRESENTATION**

GAURAV REWARI

CEO & Co-Founder, Numerify

7:10 - 7:55 **PANEL DISCUSSION**

IT's transition from Reactive to Proactive

- IT leaders are responsible for driving digital transformation in their respective organisations. How would they benefit from an efficient IT Analytics approach?
- How can IT leaders optimize their project timeline, budget and success rate on implementing IT analytics solutions?
- What are the current pain points faced by IT Leaders who have not implemented IT Analytics solutions?
